

NGS Core - Sample Transportation Guidelines

Please carefully follow these instructions to ensure that your samples arrive safely at the NGS Core.

Packing Plates

Please clearly label plates with project name, submission date, and initials. Place sample plate/s & request form in a zip lock bag.

Shipping

Please use an overnight delivery service such as FedEx or UPS for all NGS samples.

Ship samples to:

Innovative Genomics Institute
Attn: Netra Krishnappa
2151 Berkeley Way
Berkeley, CA 94704

Please include the shipment tracking number in the LIMS online submission form and email a copy of the shipping details to netrak@berkeley.edu.

Dropping off

Drop off samples in the -20C freezer on the 4th Floor, Room 420, in the CTG-NGS Sample Dropbox (images below). Please ensure that you close the freezer door and secure it with the latch attached.

Email netrak@berkeley.edu to confirm that you dropped off your samples.
